NAME _______________________________________________ INTENDED QUARTER OF ENTRY ________________________________________

This worksheet is designed to help you learn about and plan for admission to your intended major and University general education requirements. As progress toward your intended major is a factor in transfer admission review, this information is also a part of the transfer admission application. More info: admit.washington.edu

1. The Major

Major Profile: In the admission decision for this and every major, a wide range of factors are taken into consideration. The profile should not be used to overstate the importance of grades in the admission decision for academic majors but it may offer some guidance as you plan for transfer.

Undergraduates in HIHIM, as of Autumn 2016: 64

Department Admission Information

This major is capacity-constrained. Completion of prerequisites does not guarantee admission.

The HIHIM major admits in Summer Quarter only. Department Application deadline is April 15.

Please call Health Informatics and Health Information Management Department at 206-543-8810 or email him@uw.edu to speak with an adviser about your interest.

For more info: http://healthinformationmanagement.uw.edu
2. General Education & Basic Skills Requirements for the School of Public Health

This major is in the School of Public Health, and these are requirements for graduation from that college. You'll find that many of them overlap with prerequisites for the major and requirements for an associate degree. However, completion of the associate degree does not in itself guarantee completion of UW general education or basic skills requirements so it is in your best interest to work these into your schedule before you transfer. Directions: Record the courses you have taken, are taking, or plan to take prior to UW enrollment that you believe are equivalent to the UW course requirements listed below.

English Composition C, 5 credits

Additional Writing W, 10 credits

Quantitative & Symbolic Reasoning QSR, 10 credits

Areas of Knowledge AoK - To graduate, students complete 65 credits among the three areas listed below. It is not necessary or even recommended to complete the entire AoK before transferring. It is just as important to work on prerequisites for your major. Students entering the University of Washington must also meet a Diversity requirement. These credits simultaneously satisfy other Area of Knowledge requirements and do not add to the total number of credits you need to graduate.
