**Additional Information:**

- Minimum grade of 2.0 in each course. Departmentally approved transfer equivalents may be used to substitute for prerequisite courses.
- Most students apply the spring of their sophomore year and begin the program the following autumn as a junior.
- Admission is for autumn quarter only and is based on the following criteria: Overall academic performance; Grades in courses required for admission to the major; Responses to the application questions, and Other evidence of interest in and commitment to the field (e.g., work experience, internships).
- There is not an equivalent course to INFO 200 taught elsewhere, therefore transfer students can apply to the program and be admitted with the provision that they complete INFO 200 with a minimum grade of 2.0 before the end of their first year in the program.

**TIP:** To find courses at your community college equivalent to the prerequisites listed, use the Equivalency Guide for Washington Community & Technical Colleges, [admit.washington.edu/BeforeYouApply/Transfer/Plan/EquivalencyGuide](http://admit.washington.edu/BeforeYouApply/Transfer/Plan/EquivalencyGuide). In order to compare course titles and descriptions from your current school to those offered at the UW, visit [www.washington.edu/students/crscat](http://www.washington.edu/students/crscat).

## 2. General Education & Basic Skills Requirements for the Information School

This major is in the Information School, and these are requirements for *graduation from that college*. You'll find that many of them overlap with prerequisites for the major and requirements for an associate degree. However, completion of the associate degree does not in itself guarantee completion of UW general education or basic skills requirements so it is in your best interest to work these into your schedule before you transfer. *More info:*

**Directions:** Record the courses you **have taken, are taking, or plan to take** prior to UW enrollment that you believe are equivalent to the UW course requirements listed below.

### General Education Requirements

UW Course	Dept. Prefix & Number	Term/Year	Credits	Grade, In Progress (IP) or Projected (P)	College
<i>Example: MATH 124 – Calculus I</i>	<i>MATH&amp; 151</i>	<i>AUT 08</i>	<i>5</i>	<i>A-</i>	<i>BC</i>
<i>English Composition C, 5 credits</i>					
<i>Additional Writing W, 10 credits</i>					
<i>Quantitative &amp; Symbolic Reasoning QSR, 5 credits</i>					

**Areas of Knowledge AoK** - To graduate, students complete 60 credits among the three areas listed below. *It is not necessary or even recommended to complete the entire AoK before transferring.* It is just as important to work on prerequisites for your major. Students entering the University of Washington must also meet a Diversity requirement. These credits simultaneously satisfy other Area of Knowledge requirements and do not add to the total number of credits you need to graduate.
