Additional Information:

- The School of Music does not accept direct transfer of music credits for students pursuing the Music major.
- All degrees require instruction on an instrument with the exception of American Music and Ethnomusicology.
- All Music degrees require enrollment in an ensemble each quarter that a student is registered for lessons.
- Music theory and history courses do transfer, but not directly; rather, you will be asked to complete a proficiency exam and meet with a professor to determine placement in our theory sequence. This is done after you enroll at the UW. Please save materials such as syllabi, final exams, textbooks, etc. for your evaluation.
- Piano classes for non-piano majors can transfer after you complete a placement test.
- Three quarters of lessons and ensemble may be transferable at the discretion of the faculty, to be decided after approximately one year at the UW.
- **Performance:** Students admitted into the BA program have the option to test into the BM program at the end of their first or second year.
- **Music Education:** Students must complete a Music Education audition and interview in addition to a performance audition.
- **Composition:** Students must complete 1-year of prerequisite courses at the UW before applying to the Composition major.

TIP: To find courses at your community college equivalent to the prerequisites listed, use the Equivalency Guide for Washington Community & Technical Colleges, admit.washington.edu/BeforeYouApply/Transfer/Plan/EquivalencyGuide. 2. General Education & Basic Skills Requirements for the College of Arts and Sciences

This major is in the College of Arts and Sciences, and these are requirements for *graduation from that college*. You'll find that many of them overlap with prerequisites for the major and requirements for an associate degree. However, completion of the associate degree does not in itself guarantee completion of UW general education or basic skills requirements so it is in your best interest to work these into your schedule before you transfer. *More info:*

These credits simultaneously satisfy other Area of Knowledge requirements and do not add to the total number of credits you need to graduate.
