

2017-2018 REVISION REQUEST REGARDING A CHANGE IN FINANCIAL SITUATION – STUDENT

If you or your spouse have a dramatic change in financial situation or loss of resource(s) that was not reflected on your 2017-2018 Free Application for Federal Student Aid (FAFSA), you may inform us by completing this form. Use the most accurate information you have available to you today. Be sure to respond to all appropriate questions. We are not able to accept blank as an answer. If the answer is zero or does not apply, please indicate this by using either '0' or N/A. Incomplete forms will be returned to you for clarification.

Please keep in mind that financial aid funds are limited. In some cases we may be able to approve your revision, but unable to offer you more aid. Generally, increases in eligibility are met with Federal Direct Stafford Loan (subsidized and unsubsidized) or Graduate PLUS Loan funds.

Processing times will vary. During peak processing times (March – September), it may take several weeks to review this revision request. You will be sent a notice when the revision request has been reviewed. Your patience is appreciated in allowing us the necessary time to devote to your concern.

CHANGE OF STUDENT (AND/OR SPOUSE, IF MARRIED) INFORMATION

Please Note: Additional documentation may be required, such as your 2015 tax return (and your spouse's, if married) or other forms.

NATURE OF CHANGE:

If you were married when you first completed the 2017-2018 FAFSA but are now divorced or separated, we may be able to adjust your financial aid eligibility by removing your spouse's income and assets. Please complete section I and III.

If you were not married at the time you filed your FAFSA, but are married today, and you did not have to include your parents' information on the 2017-2018 FAFSA then we may be able to adjust your financial aid eligibility by including your spouse's income and assets. Please speak with a financial aid counselor to determine if filling out this form is beneficial for you.

If you were not married at the time you filed your FAFSA, but are married today, and you had to include your parents' information on the 2017-2018 FAFSA then do not complete this form. You will need to complete a different form which you can obtain from a financial aid counselor.

LOSS OF JOB / DECREASE IN INCOME:

The standard calculation from the FAFSA uses the 2015 calendar year income and resources. If you (or your spouse, if married) have had a permanent change resulting in a substantial decrease in expected income, complete Section II and III. Report the date and reason of the change and estimate the expected income for the 2017-2018 year using the best information available today. A 'substantial decrease' is defined as at least 25% less during the 2017-2018 school year than it was in 2015.

OTHER CHANGES:

We may be able to entertain other situations not specifically addressed on this form. Please attach a written explanation of your family situation. Be very specific. We will notify you if we need more information. Examples of changes may include 2015 medical/dental expenses incurred for a spouse or dependent child that was not paid by insurance or, K-12 school tuition paid for a dependent child(ren).
